Worship leaders

Carlotta (Carly) Adams (Worshipper/singer-songwriter)

Carlotta has been blessed with the opportunity to lead worship in several countries and has taught song writing in both Zambia and Zimbabwe and has seen a new generation of worshippers rise up with a new song to the King of Kings.

Alastair Goodland (Worshipper/singer-songwriter)

I have been a musician most of my life, and, also played in rock bands in 2020, after a return to Scotland and England I released my own album – Look Upon the cross. My vision is to see people saved, and powerfully impacted by the Holy Spirit, and, walking in the New and Living way.

Kerry Miller (Worshipper/singer-songwriter)

I like to express my heart in thanksgiving and song in worship to Jesus. Being on the ocean or in the mountains evoke a sense of awe and desire to express thankfulness and worship to God!

Dedgè Reynolds (Worshipper/singer-songwriter)

Dedgè Reynolds is on a life long journey to stay connected to the Father's heart and has been leading worship since her teens, known for her intuitive and intimate worship, she has a heart to create meaningful connection in corporate worship times, by creating space for the Spirit of God to lead, and His people to respond.

Guest Speakers

Andrew Buchanan (Buck)

Buck's heart's desire is to see people realise the goodness of God because of all that Jesus accomplished on the cross.

Winnie Patten

I am believing for my morning session to be a place that we as woman can grasp a new level of His Glory and step into a deeper understanding of how to worship Him in spirit and truth. As we combine the prophetic, worship, praise and His Kingdom and see what can happen.

Rudy Salepuli

Through brokenness and loneliness I encountered the Father Heart of God which is His love, a deeper revelation that has changed and transformed my heart from slavery into kingdom sonship. In my session we will be exploring the Love of our Heavenly Father for us. The depth and it fullness that has been revealed unto us by His Son Jesus Christ and embrace God's perfect love.

Carlotta (Carly) Adams (Worshipper/singer-songwriter)

In Genesis 1 we see the Lord creating the world and everything in it and around it ; including Man who was formed by the Lord to worship Him in Spirit and Truth ; in my session I want to create a space and place to see what it will be like to co labour with the Father's heart. To see His creativity break forth, when our Love for Him and His love for us come together in true unity ;

Hugo Vaughan

My focus for the seminar is on Leadership and how we can - not only navigate but thrive through these uncertain times as Leaders in business. To me, a successful business is one that first and foremost cares about its people - staff, suppliers and clients alike. I believe the financial success and longevity of any business largely determined by how the business deals with people.

Don Simpson

Don is leading people on the streets to the Lord regularly. Don has prayed for people and witnessed many types of healing over the decades. A man with stage four cancer healed. 8 years later still alive. The topic of my session is Don't be afraid. Go out and do what I tell you to do. I have many others doing what you are doing. I will look after you and keep you safe. Trust me and keep on keeping on.

Christine Simpson

Christine continued following the Lord and ministering in gifts of healing eg. stage 4 lung cancer gone, ganglions gone in Jesus name, salvations, Bible in schools, ladies groups. Currently, married to Don for 20 yrs and itinerant Pastor with Foursquare Gospel Churches NZ. The title of my session is 'Moving forward keeping our eyes focused on Jesus'.

Craig Patten

All miracles are simply signposts to the Father and His Goodness. Personally I have seen a sheep and a baby raised from dead, lady raised out a coma, cancer healed, muscles growing in front of my eyes and an ankle with metal in it move freely without pain. My vision for the night session is to co-labour with Dedgè our evening worship leader, her team and with God to usher everyone who attends into the Holy of Holies and see what happens.

Offerings will be taken up on the day so please come prepared if you feel led to give
